

WOLF[®]

We solve complex flooring issues

High Glossy series

Pristine
collection
for interiors.

1200X1200MM

Resemblance of our tiles to natural stones is absolutely delightful.

"The marble type granular or vein like structure is not limited to surface, but goes to the depth of the total cross section of tile."

it can be ground or cut or chamfered and yet the granular beauty will unveil its glory to the fullest.

 **9mm thickness**
